Miss Godes used to be a welcome visitor, numbering her friends by the acquaintance she made—a bright, charming girl, an accomplished woman. Miss Emily has with her many excellencies of no pieces of embroidery, at which work she excels, and if her friends will visit themselves of the limited time they will be fully repaid. The ladies return to Covington on the 4 o'clock train today.

Mr. Ulrich has been sent to our city by the State Committee, and his particular work is to help the Association in this city to secure the necessary number of names of young men in order that the organization can be perfected.

This is the young men's chance for a place where they can be entertained physically, morally, socially and religiously; and they should readily place their names on the subscription book for a membership.

Mr. Ulrich will call on every young man in our city within the coming week, and it is to be hoped they will give him the encouragement he deserves.

SAD CASE OF MR. MOORE.

I know of a youth with the curious name of Noah Danville Moore.

And he wants it changed the very worst way, for that name has fretted him more.

His parents years before— New folks by the name of Moore, Had lived by a river or he was born.

They were poor, but honest, and woke one more.

To find that an opulent syndicate Was ready to take at a good stiff rate All right and title to have and to hold This farm for a dam site, and so they sold.

The haul was so big that this worthy pair Lived high on the interest with lots to spare; And so it was natural, quite.

When the son and his wife the light Of the household came, he should get a name Like a trade-mark of that site.

To consummate That real estate.

That gave them wealth when the syndicate Brought up the dam-site's right.

Now it chanced to be that the family-tree Of the worthy Mr. Moore, Perpetuated unforgotten the honest name of Noah.

It wouldn't do to break The chain for the simple sake Of phrase or style or euphony.

And so, with the kind fatherly Of a thoughtful man and a doctor dad, They didn't see how awfully bad That triple aggregate of name.

Was going to sound in the trump of fame, They did, thank heaven, before their son Got into the job they'd done.

But still his heart is sore, And if a junior Noah, Another heir, is born to share The cash that's laid in store,

He'll not regret The name he'll get For his dad has had a chance, you bet, To Noah Danville Moore.

HUNTER QUTS!

Traitors in His Own Camp Render an Election Impossible!

Dr. W. Goffey Hunter on Saturday withdrew from the Senatorial contest. The Republicans will meet in caucus Monday night to select another candidate, if possible.

Dr. Hunter's defeat is due, solely and alone, to desertions of men whose support he had a right to expect, and at least one of whom voted for him in the caucus and also voted for him on many ballots after he was nominated.

How these men will "make themselves solid" with their constituents remains to be seen.

But it looks a little strange that one of them can find no defender outside of a Democratic sheet—that with two Republican newspapers in his district and only one Democratic paper, the latter is the only one that supports him.

It wouldn't be to require a diagram to understand this.

JUDGMENT REVERSED.

Case of Degman vs. Degman, Taken Up From Masson.

The case of Degman vs. Degman, taken to the Court of Appeals from this county, has been reversed by Judge Guffy, who delivered the opinion of the Court as follows:

First—Under a devise by a testator to his wife of all his estate, "said property to be disposed of by her among my children as she may think best," the widow took a life estate with power to divide the property among the testator's children as she thought best.

Second—Where a power of appointment is given to be exercised for the benefit of a class of persons, each one of the class is entitled to a substantial portion of the estate, but it is not necessary that the several portions should be equal.

Third—A power of appointment must be exercised for the benefit of the persons entitled thereto, and not with a view of benefiting the person exercising the power. And an appointment or division made in the execution of a power for the purpose of benefiting the person making it is in law fraudulent and void.

In this case the widow having made an unequal division of the testator's property among his children with a view of securing the payment of her debts and also the support of herself and second husband, for which the grantee in one of the deeds of partition obligated himself, the deeds should be canceled and the land equally divided among the testator's four children.

Fourth—A sale of the land to pay the testator's debts passed only the widow's life estate, the children not being parties to the proceeding.

SOLID FOR BRADLEY.

Fight for Delegates to the St. Louis Convention Begins.

The fight for Delegates to the St. Louis Convention has opened in earnest, and the D-delegation will be solid for Bradley, and as few of the Delegates announced have declared a second choice, there will be a lovefeast at the Convention when the question of instruction is called up.

Delegates are out in every district in the State.

Ten gentlemen are announced for Delegates from the State at Large. They are:

M. C. Hutchins of Maysville. A. T. Wood of Mt. Sterling. L. P. Telford of Paducah.

W. J. De Boe of Marion. W. M. Shaw of Covington. W. A. Gaines, colored, of Covington.

W. G. Overstreet of Owensboro. These gentlemen authorize the announcement of their candidacy, and as only four are to be chosen it goes without saying that six will be "left."

Unless some change in the plans is made, Dr. W. Goffey Hunter will be a candidate for Delegate at Large or from his district.

Down in the First Congressional District the contestants are slow in coming out.

In the eleven Districts in the state the candidates named authorize the announcement that they are in the fight to go to St. Louis as District Delegates.

Tenth District—D. L. Cook, Winchester; R. L. Hurst, Jackson. Eleventh District—Ed. Parker, London; L. T. Neat, Columbia; M. J. Moss, Pineville.

A great many other candidates will soon be announced.

Immediately after the adjournment of the Legislature they will begin to open up like frogstots on boggy ground.

Congressman John W. Lewis will not be a candidate for Delegate, nor will Congressman Walter Evans, Sam J. Pugh nor David G. Colson.

These gentlemen will again be candidates for Congress.

Not to Be Trifled With. From Cincinnati Gazette.

Will people never learn that a "cold" is an accident to be dreaded, and that when it occurs treatment should be promptly applied? There is no knowing where the trouble will end, and while complete recovery is the rule, the exceptions are terribly frequent, and thousands upon thousands of fatal illnesses occur every year, and in by a little indolent exposure and seemingly trifling symptoms.

Beyond this, there are today countless invalids who can trace their complaints to "colds," which at the time of occurrence gave no concern, and were therefore neglected. When troubled with a cold use Chamberlain's Cough Remedy. It is prompt and effectual. 25 and 50 cent bottles for sale by J. James Wood, Drugist.

RIGHTING A GREAT WRONG.

MRS. MAYBRICK TO BE RELEASED FROM PRISON.

Cutting Efforts of Noble Women Rewarded at Last—A Reality That Is Stranger Than Romance.

Cincinnati Times-Star.

It is a rare thing for a woman to become an object of international interest, as the woman who no longer ago than 1850 was a giddy, thoughtless girl of 17 years living in Mobile, Ala., the daughter of W. G. Chandler, a banker scarcely known outside of the confines of the little Southern city. This international interest has grown steadily for the last seven years until there are many clubs made up of women and named after the woman in question on both sides of the Atlantic.

They are called Maybrick clubs. Gail Hamilton has been a leading spirit in one of these clubs whose headquarters have been in Boston. Their object has been to secure the unconditional release from prison of Mrs. Maybrick, nee Chandler, who about seven years ago was tried for murder, convicted and sentenced to be hanged.

Mrs. Maybrick was but 17 years of age when she met and soon after married James Maybrick, an English cotton broker of Liverpool, 41 years old. She first met him on a steamer en route with her mother to England. For a couple of years after marriage the pair lived in Norfolk, Va., where Mr. Maybrick had business interests, then they went to live in one of the suburbs of Liverpool. There was never any hint but that the first few years of their wedded life were happy years. Two children were born to them and it is intimated that but for the enmity of Maybrick's two brothers, who bitterly opposed his marriage, there would never have been any interruption to their wedded bliss. Maybrick, owing to disagreement with his brothers, became disaffected and took to dosing himself. All sorts of drugs found their way into his blood and not the least among them was arsenic. Of this poison he became a confirmed eater, which fact was established on the witness stand during the subsequent trial.

The first quarrel of the couple occurred after this period and just after they had returned from the Grand National races. Mrs. Maybrick's eyes were blackened on this occasion. A month later after another day at the races Maybrick was taken seriously ill. During all this illness he insisted on having his wife constantly near him, calling for her whenever she was absent from the sick room. The two doctors in attendance treated him for acute dyspepsia. They gave him as treatment a number of irritant poisons, such as prussic acid, arsenic, opium and indine, and about two weeks after being taken sick, he died of gastroenteritis, so said the doctors. When his wife learned of his death she fell in a swoon that lasted forty-eight hours. While she was still in a swoon Maybrick's brothers caused her arrest, charging her with having administered to him a fatal dose of poison.

The history of the tedious trial which followed is familiar to the two hemispheres. The evidence was all purely circumstantial, based on the finding of a small quantity of arsenic, not more than a tenth of a grain, in the body of the arsenic eater. The Judge who presided in the case and who manifested much bitterness in the case, who virtually tried independent of attorneys or jury, and sentenced the young widow to death, became a raving maniac soon after and died.

After the death sentence had been commuted to imprisonment for life women

on both sides of the Atlantic, formed into clubs, as before indicated, have been uniting in their efforts to secure the release of what they religiously believe to be an innocent and greatly wronged woman. Home Secretaries and the Government at Washington have been appealed to and the latter has interested itself through the American Minister, and the Masonic fraternity, to which Mrs. Maybrick's father and grandfather belonged, and of which the Prince of Wales is the head in England, has been aroused. But all was in vain until a few days ago when it was announced that Sir Matthew W. Ridley, the English Home Secretary, had resolved to grant the appeals of English and American women and in the convicted woman.

The present Chief Justice of England, who was Mrs. Maybrick's attorney in the trial, has been one of her staunchest friends in his appeal for the righting of a great wrong.

GIN MILLS WIN.

There Is No Punishment For Selling Liquor on Sunday.

The Sabbath Observance League received a knockout blow at Louisville Saturday when Judge Thompson in the City Court handed down his decision in a test case brought against a saloon-keeper to enforce the Sunday closing law.

Judge Thompson holds that to sell liquor on Sunday is not a penal offense, and while no license is issued authorizing the sale of liquors on Sunday or holidays, there is no punishment provided for so doing.

In consequence he ordered the case dismissed.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from two drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. BRADLEY.

The Ledger's Choice
for President.

The country will now know which
party is responsible for the lack of suf-
ficient revenue to pay the current ex-
penses of the Govern-
ment.

Democrats
Are Responsible.

On the roll call Mr. MORRILL's motion
was defeated—yes 22, nays 33.

After the vote had been announced on
the defeat of Mr. MORRILL's motion a
sensational colloquy occurred between
Mr. MORRILL, Mr. TELLER and Mr. SHER-
MAN.

Mr. MORRILL said the tariff bill was
dead, and he added that it was now
shown that there was not a Republican
majority in the Senate.

Mr. TELLER responded with intense
feeling. He declared that he and his
silver Republican associates could not be
read out of the Republican party.

Mr. SHERMAN followed with a severe
arraignment of the inaction of Congress,
saying it was a crime against the country
and against civilization. He
declared that he would continue to urge
action on the tariff bill.

When Senator JOHN SHERMAN spoke,
he, in a calm and sensible speech, told
in plain words what the Senate ought to
do. He began by saying: "This bill
does not belong to any party is not a
part of any party; it only means that it
supplies \$100,000,000 of money to the
Treasury, and it has no merit except to
relieve the ever growing deficit. I
would not have voted for it except for
this reason. I will vote for any tax pro-
posed by Democrat or Republican or tea,
coffee or anything that will supply
money to the Treasury to run the Govern-
ment. It is a disgrace that we are
expending \$30,000,000 to \$40,000,000 more
than our receipts, and that Congress is
in session and sitting idle and will not
do anything to relieve the situation.

We are going on like a careless spend-
thrift, not caring for anything." Then,
adding with sarcasm, "Except selling
bonds and increasing our public debt."

"But the Secretary of the Treasury
says he does not want any more revenue,"
put in Senator FRYER; whereupon
Senator SHERMAN turned upon him, say-
ing: "I don't care what the Secretary
of the Treasury says, anybody can see
what is going on."

Then picking up a Treasury statement
from his desk, Senator SHERMAN read
over some of the figures and said there

will be a deficit of thirty millions any-
how this year. Any foreign country
would deprecate any party who would
act as the Senate is acting in this
matter. Here we have issued \$203,000,000
of bonds already and the Senate refuses
to act now. I appeal to the Senate of
the United States to take up this bill
and if it is not right let's make it so,
and if we do this, we will have ready
action, and support in the House. Let
us do something. At the proper time I
will move again to take up this bill.

Every member knows revenue is needed
and that the report of the President and
his Secretary of the Treasury are erroneous,
not intentionally, to be sure, but they
did not see the results ahead of them.

Senator HARRIS asked why the seign-
iorage was coined, and Senator SHERMAN
said the Senator from Tennessee wanted
to shift his off the main subject to that
of silver, and he replied that the House,
fresh from the people, had decided one
and for all that question. The Senate
did not represent the people, but the
states; the House does represent the peo-
ple, and they have spoken. "I do not
consider my duty discharged until some
action is done to give the President and
his Secretary of Treasury sufficient
money to carry on the government, and
therefore I will again endeavor to get
this bill before the Senate."

Mr. FRYER, Republican, of Maine,
took the floor to declare that the tariff
bill was as dead as JUDAS ISCARIOT.
Business interests demanded that the
statement be made emphatically that
the bill was dead. He hoped it would
never be heard from again and that the
responsibility should rest where it be-
longed.

HUNTER'S SHOES.

Already There Are a Dozen Candidates in the Field.

FRANKFORT, Ky., March 2.—Hunter's
withdrawal leaves the republican organ-
ization in a bad state. There will
be a dozen candidates before the
caucus Monday night, and no one
knows anything about the
strength of the other candidates. A
number of the legislators think the
caucus was called too early, and will
endeavor to have it postponed till
Wednesday night or the 10th inst.

Candidates can get on the ground
and organize their forces. They think
an immediate selection would be tak-
ing snap judgment and might result in
the nomination of a man whose elec-
tion would be as impossible as that of
Hunter.

Judge Holt is already here and has
been quietly conferring with the mem-
bers since Saturday noon. Col. St.
John Boyle, of Louisville, arrived Sat-
urday night and will go actively to
work for the caucus nomination. Congressman
John W. Lewis was expected Sunday
night from Washington, but did not ar-
rive. He will be here early Monday
morning, and his friends are confident
he will be the strongest candidate, as
it is confidently asserted that
Hunter would like to see him win.

Auditor Sam Stone, who secured a few
complimentary votes Saturday, has
many warm friends in the legislature,
and although not an active candidate
he commands a big vote, espe-
cially as but little of the patronage
of his office has yet been dis-
tributed. Hon. Curtis E. Burman and
Judge H. P. Finley will have eight or
ten votes each to start with if the
advanced age of both may preclude their
running.

MORMON MISSIONARIES.

Elders Martin and Anderson Making a
House-to-house Canvas in Marion County.

LEXINGTON, Ky., March 2.—This county
has been invaded by two Mormon mis-
sionaries direct from Utah. Elders
Thomas Martin and William Anderson,
representing the church of the Latter-day
Saints, are making a house-to-house
canvas on foot, and when completed
will probably begin a series of ser-
mons in this city. The creed is
something new in this county, and will
attract much attention, more as a mat-
ter of curiosity than otherwise, and is
sure to end as did the so-called mis-
sionary work of one Duffey, an A. P. A.
preacher, who made his appearance in
this county early last fall, and after
delivering a few lectures wisely con-
cluded to hunt a more congenial clime.

FATAL QUARREL.

Postmaster Penn Mortally Wounded Robert
Pardon at Rollings.

LEXINGTON, Ky., March 2.—At Rollings,
in this county, Robert Pardon was shot
and mortally wounded by W. Penn. Penn
is postmaster at Rollings, and Pardon
made himself offensive in a store and
Penn ordered him out.

They engaged in a fight, when Penn
reached for the revolver of Pardon, who
was in the store. Penn, immediately after
the shooting, left, and has not been ar-
rested.

Pardon was a prominent merchant,
but was unwell when drinking.

WINCHESTER, Ky., March 2.—Students
of the Y. M. C. A. of Kentucky Wesleyan
College at Winchester have been holding
weekly services, in various fields of
labor, outside their regular class
services during the past winter.
Among these weekly ser-
vices have been held with prisoners
in the city and county prison. Eight
teen of these men, recently re-
leased from prison, have been
brought to a notable change in conversation
and conduct of the prisoners as a result
of the services.

Hold for Complicity.

WHITESBURG, Ky., March 2.—Noah
Minnis, Sheriff of Magoffin county,
last night at Whitesburg, has been
holding weekly services, in various fields of
labor, outside their regular class
services during the past winter.
Among these weekly ser-
vices have been held with prisoners
in the city and county prison. Eight
teen of these men, recently re-

Decided Against Mayor Todd.

LOUISVILLE, Ky., March 2.—In the
electoral court Saturday morning Judges
Field and Toney decided that Mayor
Todd, Republican, can not remove
democratic members of the Board of
Public Safety and works without de-
claring section 32 of the city charter
unconstitutional. This means that
1,000 democrats will be retained in office
until the mayor can find cause for their
removal.

Killed Over a Counterfeit Dollar.

ST. LOUIS, Mo., March 2.—Sam
Gardner and Tom Wells, colored, had a
quarrel here about a counterfeit dollar,
which Wells claimed Gard had passed
on him in a game of cards and then
struck Gard with a heavy stick, crush-
ing his skull and breaking his spine.
Wells made his escape.

Will Stick to the Old.

LOUISVILLE, March 2.—Capt. Withers,
in charge of the local station of the
salvation army, said Sunday his people
will stick to the old army and will
not be raised by Ballington Booth.

May Run for Congress.

FRANKFORT, Ky., March 2.—There is
considerable talk here this week of the
possibility candidate of ex-Gov. M. C. A.
for congress in the (Seventh) con-
gressional district.

Claim Self-Defense.

PICKREVIEW, Ky., March 2.—Allen Can-
nady was killed on Big creek, in Pike
county, by Floyd Harris and Henry
Varnly. The men who did the shoot-
ing claim that they acted in self-
defense.

A FORECAST.

Business to be Transacted in the House and Senate This Week.

The Senate Cuban Resolutions in the House Will be Considered.

After the Appropriation Bills Are Disposed of the Senate Will be Brought Up.

WASHINGTON, March 2.—There is so
general a demand for action on the
Senate Cuban resolutions that the man-
agers of the house of representatives
have consented that as soon as the leg-
islative, executive and judicial approp-
riation bills, the pending unfinished
business has been disposed of, Cuban
resolutions shall be the next order.
How much time will be devoted to
their consideration is as yet
undecided. At least a
dozen members have expressed to Mr.
Hitt, chairman of the committee on
foreign affairs a desire to speak, and it
is probable that at least a full day's
session will be consumed by debate.
Following the Cuban resolutions, the
post office appropriation bill will be
taken up in the house, and this it is
expected will exhaust the remainder
of the week.

The coming week will inaugurate
the discussion on a question of the
highest privilege in the senate—a
right to a seat in the body. Mr. Mitchell,
chairman of the committee on privileges
and elections, will bring up Friday
he will call the Dupont case Monday at
2 o'clock. Mr. Mitchell will make the
opening speech, and will be followed
during the week by Mr. Turpie of In-
diana, for the democrats, and by Mr.
Pritchard, of North Carolina, for the
republicans. The chairman is of the
opinion that the debate on this subject
will not last longer than ten days, or at
the outset not to exceed two weeks.

Monday there is every probability
the senate locking horns over a matter
against which there appears to be a
very determined opposition in the sen-
ate. It is the bill reported by the sen-
ate committee on public lands to ap-
prove a compromise and settlement be-
tween the United States and the Indians.
Mr. Berry sought to call it up late
Friday afternoon and make it the
unfinished business, but several senators
objected, and his motion being
refused, to take it up, the absence of a
quorum forced by the opponents of the
measure, was developed. Mr. Berry
will endeavor to bring it up Monday
to take the bill up immediately after the
morning session. Monday, in antag-
onism to the bill, Mr. Turpie of In-
diana, for the democrats, and by Mr.
Pritchard, of North Carolina, for the
republicans. The chairman is of the
opinion that the debate on this subject

OVER A TRESTLE

Disastrous Wreck on the Southern Road Near Macon, Ga.

A Rail Had Been Removed, It Is Thought, by Train Wreckers.

A Passenger and a Freight Train Plunged Into a River—Two Men Killed, One Killed—Master Killed—Half a Dozen Other People Were Also Injured.

ATLANTA, Ga., March 2.—A Constitution reporter who returned Sunday night from the scene of the Southern railway wreck below Macon says that there is strong circumstantial evidence against the three men suspected of removing the rail, but no arrests have been made.

The dead are: Robert Mercer, fireman of Macon; F. W. Wippler, baggage-master, Macon; and Robert E. Freeman, who died Sunday from wounds received Saturday.

The wreck occurred at Stone creek bridge, nine miles below Macon, at 7 o'clock. The passenger train which left Atlanta at 4:10 Saturday afternoon for Jacksonville was the first to strike the trestle. It ran 200 feet on the trestle before it fell over into the stream below. Three minutes later, and before the freight could be signaled it came on, ran for some distance on the trestle, and plunged down into the river. The freight locomotive was not a car less from the wreck.

William of the passenger train, M. E. O'Brien, a passenger of Cincinnati, was seriously injured. He was killed at the head of the wreck. Miss Minnie Williams, of Atlanta, Ga., had her side badly bruised and shoulder dislocated. R. D. Dugan, conductor of the Pullman car was injured by being thrown against a seat.

It is seriously hurt. T. A. Joyner, engineer of Macon, was killed. He was killed by the body. Engineer Joyner, of the passenger, and his fireman, Reddish, were not discovered until the wreck was removed until the engine jumped the track. The engine plunged forward on the trestle and broke through, falling to the bed of the creek.

The freight train left Macon ten minutes behind the passenger. The wild excitement prevailed at the scene of the wreck for two hours.

The uninjured quickly began the work of rescue, but two of the crew had been instantly killed. Others were picked up dangerously hurt and they were given the best attention possible.

The railroad officials sent news of the wreck to Macon and to the engineers and officials left shortly afterward for the scene. Several detectives were on board the train which went from Atlanta on a wrecking train. Superintendent Beaupre and Roadmaster Lemmons, both of Atlanta, went down on the wrecking train.

The wreck was the work of train robbers seems certain. The rail was removed from the hand side, going west to late. Engineer Green, of the freight, saw the trainman's lantern and attempted to bring his train to a stop. It plunged into the broken space of the tracks.

TROY FLOODED.

The Hudson River Reaches the Highest Point Since 1857—Much Damage to Property.

THOY, N. Y., March 2.—The water in the Hudson river reached the highest point Sunday night attained since 1857. At 9 o'clock the water of the memorial flood of 1856 on the bridge here was lost sight of and the water continues to rise. The docks and wharves are being washed away. All the cellars along the river front have been flooded and much damage done. In many of the large dollar factories the engine rooms have been invaded and the fires extinguished, so that it will be impossible to resume work Monday morning.

In the southern part of the city many houses are submerged to the second story. In the west side the damage is even greater. Millions of feet of lumber piled along the entrance of the Erie canal have been washed away. The electric light station is flooded and the village of West Troy is in darkness. The water works engines were also stopped so that the pumps are prevented of a flood yet a famine of water.

GETTING READY.

Preparations for Any Emergency That May Arise Out of the Cuban Situation.

WASHINGTON, March 2.—In the past few days there has been a renewal of naval activity and the issuing of orders for the preparation of vessels for service, which recalls the action of the navy department immediately following the president's Venezuelan message.

The object of the administration in holding its naval force in full fighting trim is believed now to be due to the possibilities of the situation, which might follow the adoption by the house of some resolutions for the recognition of Cuba. Strong efforts are being made by Secretary Roosevelt to prepare a favorable vessel for service with the least possible delay.

Gov. Greenhalgh's Condition.

BORON, March 2.—At 1 o'clock Sunday morning Private Secretary Thomas received word from Gov. Greenhalgh's residence in Lowell that the change in the governor to prepare for had been looked for had come. It showed the governor hovered between life and death. If the governor can sustain this his recovery is assured. At 7 o'clock the condition of the governor had not materially changed.

Barnes Perjured Dorn.

PARIS, March 2.—The American Angeli Tallyrand-Perford, an ex-member of the senate and a well known diplomatist died Sunday.

DR. HUNTER

Formerly Withdrawn From the Kentucky Senatorial Contest—His Strength May Be Tarnished by Auditor Stone.

FLEXINGTON, Ky., March 2.—Dr. Godfrey Hunter gave the general assembly a big back Saturday by stepping down and out.

When the joint assembly convened Representative Lyons stepped in front of the clerk's desk and, amid impressive silence, read a letter from Dr. Hunter, in which he thanked the representatives for their support and tendered back to them the nomination they had given him.

His withdrawal created great excitement, but there was only a small demonstration.

House leader, Senator A. D. James, voted for Auditor Sam Stone. This was taken to indicate that the Hunter organization will try to concentrate on Stone and bestow it on him the republican caucus nomination which Hunter tossed away. The republicans voted for 20 or more district candidates and the democrats voted exactly as on Friday.

NICARAGUAN WAR

Momentarily Bombarded by Gunboats—President Zelaya Advances on the Enemy.

MANAGUA, Nicaragua, March 2.—The stern reality of war is being felt here, and the campaign against the insurgents is being pushed with vigor by President Zelaya. He is on his way to the town of Naranjo, Managua, on Lake Managua, is being bombarded, and the inhabitants have fled in terror.

It is reported that the rebels in Nicaragua are nearly 10,000 men. The support of nearly all the western provinces. The rebel forces have increased to 3,000 men. It is expected that the insurgents at Leon will be defeated.

Business is paralyzed, and the gathering of the coffee crop and exportation are being hindered by the war.

AN APOLOGY

May Be Demanded of Spain for the Outrage at Barcelona.

WASHINGTON, March 2.—Intense interest centered here Sunday night in the dispatches showing the demonstration of feelings existing in Spain against the Americans regarding the Cuban question, and the statements that the government is increasing its naval force.

The violation of the consulate of the United States at Barcelona makes a demand necessary by the United States government which will inquire of the Spanish government what amends will be made. The case finds an analogue in the event which occurred in this country probably 60 years ago, when a mob of persons in New Orleans assaulted the Spanish consulate at a time when the Florida question was uppermost in the public mind. It was a case of mob violence and the government of the United States made compensation to Spain for the damage done.

Government Receipts and Expenditures.

WASHINGTON, March 2.—The statement of official receipts and expenditures of the government for February which will be made public Monday next will show receipts of less than \$20,000,000 and expenditures of less than \$20,000,000. The deficit for the month is about \$2,000,000.

Family Asphyxiated by Gas.

CHICAGO, March 2.—Three of the family of eight died and the others dying in a frightful manner of gas asphyxiation at the residence of Fred Stunkel, a farmer living a few miles southwest of Chicago Heights, near Elmhurst. The cause of the tragedy, the family say that the mother and four of the children will die. The father, the oldest daughter, Rosamond, aged 18, and the four-year-old child, Della, are already dead.

Regarded as a Joke.

MAD DONS.

The Feeling in Spain Is Bitter Against the United States.

Admiral Berenger Orders the Speedy Preparation of Six War Ships.

And Some of the Naval Reserve for Dispatch to the Bahama Channel—The American Consulate Building at Barcelona Attacked by a Mob.

MADRID, March 2.—Popular feeling here is bitter against the United States because of the action of the senate in adopting a resolution favoring the granting of belligerent rights to the Cuban rebels.

As stated in the United Press dispatches Saturday night the stock market here responded to the excitement and there was a material decline in purely Spanish and Cuban securities. In view of the financial difficulties under which the government is laboring, this is a most unfortunate time for Spanish securities to decline in value.

The action of Adm. Berenger, minister of marine, in ordering the speedy preparation of six warships and some other naval vessels, is regarded as a Spanish trans-Atlantic company for dispatch to the Bahama channel meets with hearty approval. It is very evident that, despite Prime Minister Canalejas' declaration Saturday that if President Cleveland should be compelled to endorse the action of congress it would not provoke an international conflict nor interrupt the friendly relations existing between Spain and the United States, the government is doing its utmost to prepare against any possible contingency.

The prime minister said Saturday evening:

"I trust that President Cleveland will veto the formal resolution of congress, and have more reason to trust that he will not comply with the resolution contained therein."

He also said that the granting of belligerent rights to the Cuban rebels is not a cause belli, but Spain still deems it is not the act of a friendly state. "I do not think that Spain is threatened by foreign aggression, but measures shall be taken for the defense of Spanish rights in Cuba. As regards demonstrating in a serious way, I shall represent them severely if they are attempted."

Senor Silveira, leader of the dissident conservatives, has in an interview advised the Spaniards to regard their political faith. He added that that of the American senate was without precedent in international law. He greatly feared, considering the bad faith of the Americans, that they gave belligerent rights a different name than is discovered in international law.

An interview was also sought with Senor Castellon, the republican leader, but he refused to speak on the subject, as he considered the circumstance to be of the most serious nature.

Thanks of the United States minister for dispatch affairs, has sent a long cable dispatch to Senor Dapuy de Lamoignon, Spanish ambassador at Washington, instructing him to present to the American government a formal declaration of the insult.

On Sunday a great crowd assembled in the Plaza Catalina and a number of patriotic speeches were delivered. The crowd became greatly excited by the burning oratory of the speakers, and after the meeting had broken up, a large number of those who had listened to the words glorifying Spain and denouncing the United States proceeded to the American consulate where they gave vent to their indignation by smashing the building much to the damage of the windows thereof.

As in previous mob demonstrations in Barcelona the police were almost impotent to disperse the rioters, who did about as they pleased.

In the evening there was another outbreak of disapproval of the United States and all things American. This time it took the form of publicly displayed insults. The rioters had purchased somewhere a large American flag, which after it had been dragged through the streets, was pulled to pieces amid cries of "Long Live Spain," and "Down with the Americans." There is still much excitement in the city.

After this outrage on the American flag the mob became more violent and a proposition to make a further demonstration against the American consulate was speedily acted upon. The mob proceeded to the consulate, in the meantime arming themselves with stones. Arriving at the consulate a perfect volley of missiles was directed against the shield over the doorway bearing the American coat of arms, which was battered almost to pieces. The mob in some way became possessed of several American flags, which were destroyed amid ribald jests and expressions of contempt for the nation they represented.

The situation was becoming more and more threatening when reinforcements for the guards at the consulate arrived in the shape of a detachment of gendarmes. The crowd was ordered to disperse, which they very sullenly refused to do, whereupon the gendarmes charged upon them with drawn swords and put them to flight. Several of the rioters were injured by being trampled on. Until a late hour the boulevard were thronged by an excited crowd singing the "Marsellaise" and patriotic Spanish songs.

No notice has been received at the Spanish legation here to indicate any serious danger. Minister de Lamoignon has his abiding faith in the good common sense of the American people and he feels certain nothing will happen to interrupt the friendly relations existing between Spain and the United States.

AYER'S THE ONLY WORLD'S FINE Sarsaparilla

A French antiquarian has recently brought to light some dressmakers' bills of Napoleon's time. They are from the account books of Leroy, the Worth of his time.

Women devoted to things artistic are reveling in the new green furniture. A green room is now quite as necessary in the up-to-date house as a doll room.

In the immensity of stock, in the quality and variety of goods, in freshness, cleanliness and in LOW PRICES, always in the lead, my friends are pleased to see me.

In the Lead!

On March 18th, April 21st and May 15th the Missouri Pacific Railway and Iron Mountain Route will have on sale from St. Louis round-trip homeseekers' excursion tickets to points in Missouri, Kansas, Nebraska, Iowa, Arkansas, Oklahoma, Texas and Arizona.
